

## October Friends File

### Friends of Week's Public Library seeks board secretary

While we do not want to sound like a broken record ;-) we are still looking for a new Secretary to join our Board. The Friends group meets monthly; we take July and August off. It is not necessary to be a longtime Greenlander or a long time library card-holder to become Secretary. Indeed serving as our note-taker can be a relatively quick way to become familiar with the workings of the library – at a time when interesting things are unfolding in our library! Could our next secretary be you? For details please see last month's Friends File. [To be in touch: davidphreaner at yahoo dot com]

### Exeter Library Area Friends Meets October 10 th 3-5pm ~ a few words of explanation

I'm planning to attend the Rockingham area Friends meeting on October 10 th . I'm hoping others will join me. This is a brand new program put together by the Friends group at Exeter Public Library. It's new to me, indeed to all of us, so I don't know exactly what to expect. Items on the agenda include:

- Discovering what each Friends group focuses on.
- Learning who joins local Friends groups.
- Seeing what are key priorities and
- Considering ways Friends groups might collaborate.

These are good topics and should lead to interesting conversations as well as possibly suggesting ideas that we can implement right away. Always fun. I appreciate the folks there taking the lead on this. It seems a great idea, particularly in a time when voluntary associations such as libraries can use all the help they can get. Please consider attending. And if you are going let me know; pre- registration is requested.

That's this month's Friends File. Enjoy the fall colors and upcoming programs (that your Friends group is glad to help support) at your Weeks Public Library.
